

When we don't serve our god with long hours then he will put the screws on and we will go into debt. Despair, depression, and often suicide follow. (moneysavingexpert.com reported in November 2018 - More than 100,000 people in debt actually attempt suicide each year.)

I Was a Multibillionaire

At the age of eight I came across what I thought was a fortune: one hundred billion German Marks 100,000,000,000.-.

I collected several of these bills. They had zero value. People took wheelbarrows full of paper Deutsche Marken to see if they could trade it for a loaf of bread. German Marks were absolutely useless. That is why, after the weak interim Weimar government, Hitler was seen as a strong leader who revived Germany and 87% of the populous followed blindly as he promised to make Germany great again.

That was Back Then.. What about Now?

In 1995 I was in Romania and spoke with a father, who planned to get his daughter married in 1989.

The cost of the marriage and to buy the newly-weds an apartment was 15,000 Lei in 1989.

In December 1989 the revolution happened. Nicolae Ceaușescu got ousted and the marriage was delayed.

In 1995, six years later, when I met the father, the price of a loaf of bread was 10,000 lei.

In 2005 the Lei was devalued and **10,000 lei became 1 LEU**. Hyperinflation to the max!

Today 1 LEU value is 17 pence or \$0.23 cents

So for 25.5 pence this father could have paid for his daughter's marriage and could have bought her an apartment in 1989.

ICELAND: 36 Bankers Jailed for Corruption

Iceland's economy almost went belly-up in 2008. The banks there had asked the government to bail them out like all other countries do, and doing so gets each country further and further in debt. Surprisingly the government instead arrested the bankers and checked their financial records, as nobody is above the law in Iceland. The bankers received jail sentences for money laundering and messing about with their accounts. The economy was back on the road to recovery.

FRÉTTABLAÐIÐ

07/02/2018 - "The news outlet **Fréttablaðið** has calculated that in the past few years the Icelandic judiciary has sentenced **36 bankers to a total of 96 years in prison**. All of the criminal cases are linked to the notorious crash of the Icelandic banking system in 2008." <https://grapevine.is/news/2018/02/07/36-bankers> Access date 24/03/20

A Look at the World Economy

THE WALL STREET JOURNAL.

'THE WALL STREET JOURNAL' - from the article by Sudeep Reddy - May 11, 2013 5:00 am ET.
\$223.3 trillion: The total indebtedness of the world, including all parts of the public and private sectors, amounting to 313% of global gross domestic product.

Already in May 2013 the combined debt owed was over 223 trillion US\$.

If divided by the world population it averages out to approximately **30,000- US\$** (Thirty thousand US dollars) **per person** worldwide.

Our worldwide economy and financial stability is like a house of cards. If one of the players removes a card then the financial system will collapse.

Covid-19 is one of the cards that is giving a good shove in the direction of bringing it down.

CRASH: Change is in the Air

Right now we have abundant **SABRE-RATTLING** and military muscle flexing by the super powers. Soon world peace will seem an unattainable illusion. This together with the collapse of the world economy gets us ready for anyone to save us. Once the financial markets Collapse, history will repeat itself. The time will be ripe to launch the 'New World Order' and we will again get a strong leader to pull us out of the slump.

We forget so soon

A Seven-Year Peace Pact

This leader will come on the world political stage with a Seven Year Peace Agreement, which will include:

- * The **third temple** can be built in **Jerusalem**.
- * Implementing the **10 Regional Economic Groupings** into which the world will be divided.
- * Propaganda to be a global citizen & take the RFID (**Radio Frequency I.D.**) **microchip implant**. **
- * Currencies are replaced with a **worldwide credit** system. Is Bitcoin the forerunner?

The Beast:

John the Revelator saw this person as a beast. *"The beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority."* (Rev.13:2) **'a leopard'** - He rises to power fast as a leopard, taking the world by storm. **'feet of a bear'** suggests that he finds his feet during the **BEAR** market, with **socialism** of the **BEAR** - Russia.

'mouth of a lion' roaring with blasphemies inspired by the dragon or Satan's foul mouth.

He becomes **'strong with 'a small people'**, which are the multitudes demonstrating in support of him.

RECOVERY: Food on the Table

Since the powerful financial conglomerates are backing the 'New World Order' and its leader, he'll be "our prince of peace and saviour" bringing us **economic recovery, jobs and food on the table**. He will use this **money power** to buy everyone's loyalty and to promote the RFID implant. **"If you have nothing to hide then you have nothing to fear."** will be the favourite quote. This saying was used by Josef Goebbels, Hitler's propaganda minister, to make people toe the party line without opposition.

Listen to this:

"He enters even the fattest places" (Dan.11:24) He will advise the fattest places. What are these **'fattest places'**? No doubt the World Bank, IMF and the big financial institutes. **None are fatter.**

"He'll do that which his fathers and his grandfathers have not done... shall scatter ... the riches" - Mouth dropping and totally unheard of. He will do what has never been done before by the fathers and the grandfathers of the financial families, who direct these fattest places and have accumulated most of the world's wealth.

To win people's hearts he will distribute selected parts of the **"fat"** and wealth.

But it's only for those who have the RFID implant in the right hand or forehead who can do banking.

Erasing Debts & Buying Loyalty

In order to implement and win the loyalty of the ten political economic regions, he **erases part or all of their debt** to the IMF and WORLD BANK.

So those countries within the ten regional groupings will want to cooperate and accept him as their leader. Who wouldn't want a leader like that?

And he does it all with the power of money.

The Leader Goes Berserk

While we are star struck, he will set up the World's Worst Tyranny that ever was in world history!

In the middle of the seven years, after 3½ years, the leader becomes Satan possessed, goes bonkers, breaks his peace agreement and **becomes a total, absolute dictator**, executing all who don't fall for his policies. He will control through the RFID implant, which means we can be picked up anywhere, anytime.

Satan has only people in his kingdom that he can fully control with **money power**. But when he has sifted out God's children, he will end his seven year tenure with the atomic war* and Armageddon.

"Multitudes in the Valley of Decision" (Joel 3:14)

Then Jesus' words will be reality, **"you cannot serve God and Mammon"** (Mat.6:24)

"They that will be rich fall into temptation and a snare, - a deadly trap." (1Tim.6:9)

"The love of money is the root of all evil:" (1Tim.6:10)

Now is the time to get strengthened and memorize God's word.** We will need it when Satan seeks to strangle the life out of us with his money power.

The Golden Calf... That Became a Bull.

MONEY POWER Dominates

As a population we have become totally dependent on MONEY. Why? Let's look back one generation. My mother was one of 15. In my village was a family with 22 children. There was the saying, "Children are the poor man's wealth."

These were simple farmers. Were they poor? Yes.

Did they have faith in God? Yes. Were they happy? I'd say "Yes".

The reason I say yes is, because suicide was practically unheard of. At present money is our god, which Jesus called **"mammon"**. Today we cannot afford a child unless both partners work - then we might consider the possibility of a child. - But what is mammon? -

The force that makes people try to become as rich as possible and the belief that this is the most important thing in life. (Cambridge English Dictionary)
