

Is Resurrection Religion or Science?

Dr Albert Einstein discovered the formula that governs all of creation and everything that is: $E=mc^2$ - Energy (E) equals mass (m) times speed of light (c^2) which is 186,000 miles/second to the square, which is practically instantly.

"If the solution is simple, God is answering."

The First law of Thermodynamics states that 'Energy cannot be created nor destroyed', Energy is and will always be. Science teaches us further that Energy alone cannot create; it has to be active or Kinetic Energy to create.

What is this Energy and Kinetic Energy?

God says, "**I am, that I am**" (Ex.13:4). "Lord God Almighty, which was, and is, and is to come... who lives for ever and ever," (Rev.4:8,9)

God is the Energy that always is. Energy alone cannot create, but when God speaks "And God said. Let there be..." (Genesis 1) then his Word becomes the active Kinetic Energy.

Concerning Jesus it says, 'his name is called The Word of God.' (Rev.19:13) 'In the beginning was the word.. without the word was not anything made that was made.. The word was made flesh and dwelt among us.' (John 1:1,3,14)

Basics of Quantum Physics

Quantum physics teaches that all mass is ultimately energy. Max Planck (Nobel scientist) states: "All matter originates and exists only by virtue of a force which brings the particles of an atom to vibration and holds this most minute solar system of the atom together... We must assume behind this force the existence of a conscious and intelligent Mind. This Mind is the matrix of all matter."¹

1858 - 1947

As Planck wrote Mind with a capital letter, so Einstein wanted the E of energy in $E=mc^2$ to be a capital. Both knew that they were referring to God, confirming the scripture that,

'by him all things consist.' (Col.1:17)

$E=mc^2$ shows clearly that mass cannot exist without Energy. If there is no God then $E = 0$. $0 = mc^2$ is an impossibility. Hence without God, or Energy, there is absolutely nothing. God constitutes everything, even the miniscule dust particles.

That's why Jesus said, "Are not two sparrows sold for a farthing? and one of them shall not fall on the ground without your Father. But the very hairs of your head are all numbered. Fear not therefore, you are of more value than many sparrows." (Mat.10:29-31)

Cloning Our New Bodies

"Clones are organisms that are exact genetic copies. Every single bit of their DNA is identical."²

A Harvard study states, "DNA can survive for hundreds of thousands of years in a box in your garage."³

Even if our physical DNA is destroyed, "Quantum physicists discovered that... if we really want to observe ourselves and find out what we are, we are really beings of energy and vibration, radiating our own unique energy signature ..."⁴

Our DNA or our unique energy signatures along with our deeds are recorded in indestructible books.

"He that overcomes, the same shall be clothed in white raiment; and I will not blot out his name out of the book of life, but I will confess his name before my Father, and before his angels." (Rev.3:5)

For the believers that are overcomers, "whose names are in the book of life", the resurrection will happen at the Lord's Second Coming. Jesus, who is the Word of God or the Kinetic Energy, will clone our DNA or our own unique energy signature into a new body at the speed of light to the square - "in the twinkling of an eye". "Look, I show you a mystery.. In a moment, in the twinkling of an eye, at the last trump: and the dead shall be raised incorruptible, and we shall be changed..." (1Corinthians 15:51,52)

Back to the Shroud of Turin

When Jesus' dead body mass was raised at the speed of light to the square, in that moment of time, the speed of light to the square burned his image onto the fabric that covered him, and it left us the physical, material proof of his resurrection on his grave cloth, the shroud of Turin.⁵ This formerly impossible 'religious nonsense' of the resurrection is clearly

scientifically possible.

This is not religion this is science to the max.

God is the total, absolute pinnacle of science. He is omniscient, (knows all science) omnipotent (all powerful) and omnipresent (is everywhere).

What will our New Bodies be like?

Our personal DNA or unique signature will be cloned into a new incorruptible body so we will definitely recognize each other. Much like each caterpillar is changed into a particular butterfly.

"And many of them that sleep in the dust of the earth shall awake, some to everlasting life, and some to shame and everlasting contempt. And they that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever." (Dan.12:3,4)

There is one glory of the sun, and another glory of the moon, and another glory of the stars: for one star differs from another star in glory. (1Co:15:41)
Our new bodies will be similar to the one Jesus had after his resurrection. He could freely shift in and out of our four dimensional parameters. He ate, walked through walls, disguised himself and wasn't subject to what we call 'gravity'.

Will we remember what we know now?

One human cell can store 1.5 GB (gigabyte) data in its DNA. The digital size of the Encyclopaedia Britannica is approx 1 GB.⁶ One human cell can easily hold the data of the 32 volumes of the Encyclopaedia Britannica. Harvard tells us that one gram of DNA can hold 700 terabytes (700,000 GB).⁷ Therefore what we are learning is never wasted but it stays with us forever in our DNA or in our unique energy signature. Our soul will join our new body, while all that we learned is automatically part of us.

Our Everything is Recorded and it's PAY-DAY

Pay-Day or Judgment Day happens at the end of Jesus' 1000-year reign - the Millennium of Peace.

*"And I saw the dead, small and great, stand before God; and **the books were opened**: and another book was opened, which is the book of life (this time it is for those born during the Millennium who dedicated their lives to Jesus): and the dead were judged out of those things which were written in the books,*

*according to their works. And **the sea gave up the dead** which were in it; and **death and hell delivered up the dead** which were in them: and **each were judged according to their works.**" (Rev.20:12,13)*

A child born in a war-torn country, who saw his/her mother being raped before the parents were killed, will get a much different ruling than those who instigated the war for greed. *"The day when God*

will judge the secrets of men" (Romans 2:16)

Why does God not step in?

The Lord has to allow things to take its full course to see what character we will each develop.

Do I choose to love, or hate?
Do I heal or hurt? Do I care or curse? Give or grab? Your life's memory stored in your DNA will be played back for all to see. Save yourself this total humiliating experience.

God does not want to judge us. He wants to forgive us and not hold our sins against us. That is why he sent us his Son to take the punishment for us, so we don't have to stand trial. If you have a son, then you know what kind of sacrifice that took. Jesus is eager to erase your memory file. This is something that only he can do, but we have to accept him, and ask him to make us overcomers. If you don't know Jesus then please get to know him - click here.

Is Resurrection scientifically possible?

"The heart of him that has understanding seeks knowledge:" (Proverbs 15:14)

Let us look at the resurrection of Jesus

In Turin, northern Italy, is one of the most puzzling, controversial, and studied pieces of cloth in human history. The shroud of Turin is preserved in the 'Chapel of the Shroud' in the Turin Cathedral, and is deemed to be the 'grave cloth of Jesus'.

In it we see his inflicted wounds, his swollen eye, the stripes on the back of his body, the cut marks of the crown of thorns on his head and the spear wound in his side.

Although many have tried to 'prove' that it is a fraud, as of today hundreds of scientists have found no explanation for the image on the shroud. All the theories from radiation to scorching to the bioplastic coating and from painting to vaporographic theories have been ruled out.

The only alternative is that the image on the shroud was the result of the resurrection of his body.
