

closed doors of our bank to get our money, that is squandered, back.

Every country keeps printing more and more money so money has less and less value. This happened in Germany after WW1. People were buying a loaf of bread with boxes full of paper money.

I got this bill of **one hundred billion German marks** when I was eight years old. Totally useless not even worth the paper that it was printed on.

That is why Hitler was so admired in Germany as he promised to make Deutschland great again. If history repeats itself, which it constantly does, then it will not be too long before we will need another strong leader to pull us out of the [economic bog](#) into which we are sinking...

So Where should I Invest?

There are a few things that we can do with our

funds, we can put in it the bank but then we stand the chance to lose all or a good part of it.

Secondly, the 'Money Gurus' advise us to invest in a couple of gold coins as gold has kept its value throughout the ages. This could be a help for self-preservation.

However, money is tight and many of us have visited the food-bank at some time or another.

Thirdly, when all this money business is too daunting I can only look to God's word to give me guidance.

I want to be careful how to handle money as I know that *"the love of money is the root of all evil."*

(1Tim.6:10) It is okay to have it in my pocket, but I should not allow it enter my heart.

In any business venture or investment we need a certain amount of faith, as it is often a gamble.

Yet, if we would have a 100% watertight investment that would give us extremely good dividend in a few years' time, then would we want to invest in that?

Please Explain how Long is a few years' time?

In the financial meltdown and when world peace is only a dream, there will come a genius on the world political stage. He will put forth a [seven-year peace](#) and economic plan. He is the leader of the New World Order and is supported by the big financiers. He will use his money-power to win the people and give us jobs to put food on the table. While we are

star-struck by him, he'll set up the worst, totalitarian tyranny, where in time he'll order the [RFID](#) implant.

(Radio Frequency-ID).

Before accepting the implant with its dire results, be informed by first reading these two short booklets:

"A man of sufficient stature"- [Part 1](#) and [Part 2](#).

The Bible refers to him as the beast or the [antichrist](#). He ends his seven-year-reign with the [atomic war](#), followed by [Armageddon](#) when Jesus returns to set up [God's kingdom](#) on earth - "Thy kingdom come".

Let's Switch to the Real You and Me

The other day I was invited to speak; I have a rubber band tied to a long thin rope. I explain that the rubber band is the length of our life on earth; for some it is short, for others it stretches longer.

However our life doesn't end with our rubber-band. Yes, our body dies, but [our soul](#), the real me and the real you, who lives inside this body, lives on forever which is like the thin rope that does not stop.

It says in Genesis that *"God breathed the breath of life into our nostrils and man became a living soul."*

(Gen.2:7) That soul, which is the real us does not die with our body. At the moment we can brush this aside as [religious nonsense](#).

However, when the time comes to pass over from our four dimensional parameters into forever land, then we will know and probably feel like kicking ourselves, wishing that we had taken this to heart.

Now finally about Our Investment:

How can we invest not in this corrupt political mess now, but in the future Kingdom of God that is no longer many decades away..

"He who pities the poor, lends to the Lord; and that which he has given he will pay him again." Prov.19:17

This is not a fallacy or myth, but we can invest in our future life and send funds ahead by helping the poor presently. Donate a penny and gain a pound. The dividends will far outweigh any sacrifice. The Lord is not a scrooge. He promised to repay and he will do so generously, as he is truth and cannot lie.

"Whoever blocks their ears at the cry of the poor, they shall also cry themselves, but shall not be heard." (Prov.21:13)

If we are miserly and don't like to help, then the Lord cannot pay us back once we get there, as we put nothing into our [Long-lasting Fixed Deposit Account](#). Maybe we can see the person that needs help as our bank-clerk

who accepts our funds to put into our durable Fixed Deposit Account.

However, this only works if we give with a cheerful and happy heart.

"But, we can Barely Make Ends Meet."

"I do have to take care of my family and the bills.

"Let every man give from his heart, not because he has to, as God loves a cheerful giver." 2Cor.9:7

I cannot just start helping the poor; we have hardly enough and it seems like the times will get worse.”
 “He that gives unto the poor shall **not lack**”. Proverbs 28:27

If we want to be assured of not lacking in the trying days of the recession then we should give to the deprived. We take care of others and the Lord promised that he will take care of us. Funds could come from unexpected sources. If we put the Lord to the test, he might surprise us, because if we help the poor the knife cuts both ways:

1. My family and I will not lack;
2. We lend to the Lord, who will pay us back on the other side.

“If any does not provide for his own, and especially for those of his own house, he has denied the faith, and is worse than an infidel.” (1Tim.5:8) - If God tells us to take care of our children, then we can turn around and tell God to take care of us, his children. That is, if we [become and behave like his children](#).

How to Get the Maximum Dividend

Pharaohs have stored up wealth in their tombs to bring these along to the next life. This obviously did not work for them as it is still here.

The best way to send it ahead is to help while we are still alive, that is when we get the maximum dividend. We can leave it in our will to some charity which is wonderful, but that is not really giving from the heart; that is because we can't keep it anyway.

What is Tithe?

Members of a church often tithe, meaning they set aside 10% of their income to give to the church. I can understand that we don't want to give it to a church or a TV evangelist.

Nevertheless, there are quite a few homeless and needy around. We could give to them and happily. “But I have nothing to give.” Rubbish, we can give a smile and a kind word. I bet that we've got enough money in our pocket to buy that person a coffee and we should ask him or her if they like it with milk and/or sugar. Experience the happiness it brings.

Warm Blankets for Rough Sleepers

The Angels Came Down On a cold Winter night

A prayer: “Lord, you said ‘a new commandment I give unto you that you love one another.’ (Jn. 13:34) You also said, ‘Give to him that asks of you.’ (Mat.5:42) - Do help us, dear [Jesus](#), as we fall short in the generosity department and please change us not to be in such a hurry, assuming we're too busy to show a little love and kindness to those who need it the most.”

About the last 7 years study “A man of sufficient Stature” [Part 1](#) & [Part 2](#) - Two short booklets to not be deceived, but to come out a Winner!

Where to invest my money in a crumbling economy?

All links are absolutely 100% Virus Free

(moneysavingexpert.com reported in November 2018 - More than 100,000 people in debt actually attempt [suicide](#) each year.)

How do I rise above this rat-race and invest where my money will not be gone when the ‘house-of-cards-economy’ collapses and I have to sell my eternal soul to God-knows-what in order to get a job and put food on the table.

How can I still live with Godly principles, still help someone and save my dignity when the world around me collapses and any idea of love and morality is laughed at.

We can keep our money in a savings account, but it will not be decades before the banks will close and we will be waiting and maybe pounding at the

“You have sown much, and bring in little... and he that earns wages, earns wages **to put it into a bag with holes.**”
 Hag.1:6 - like the banks, and pension funds, etc.
