

They are limited or empowered by our decisions. Even God has bound himself not to override our decisions.

Demons Target Humans

Demons occur in media such as comics, video games, movies and TV series. From there they seek to attach themselves to people. Their ultimate goal is to [possess a human](#). Possessing a human is the greatest achievement for a demon, as then they can use the person's mouth and body to influence others with their hate speech, evil deeds, crimes, rapes, acid attacks and even murders etc.. The demons seek to suck us into that negative and destructive [vortex](#) where [mental health problems](#) seem insoluble; self-harm is respect for self; horror is a thrill; disgusting perversions are love; killing is cool; Jesus, who defeated Satan is a weak religionist and it's better to be a slave of darkness than a freeman with faith in an unseen God, while [suicide](#) is the ultimate challenge of life.

How to Defend Against the Demons

Nevertheless, you can defend yourself with God's word as Jesus did when he was tempted by the chief demon, [Satan himself](#). When he tempted Jesus as we read in Matthew chapter four, Jesus answered with:

"it is written".

If Jesus needed to quote scriptures to resist the Devil, how much more should we. The Devil is *"the father of lies"* (John 8:44) and he is good at it, but **don't let the liar scare you.**

The only way to fight the lies is with the truth of God's word. Study & memorize ['Vital Scriptures'](#).

Satan cannot handle the truth of God's word, because he is a liar and the truth freaks him out. Make sure you know God's word which will be **your shield** against these spiritual demonic attacks. The word is very important for our faith to stand against the onslaught of the Devil and the flood of his foul smelling vomit.

The Blood of Jesus and the Word is our only protection, so our faith won't crumble and hit the dust like a house of cards.

Our Prerogative

The decisions that we make, whether good or bad belong to us; we are the final authority; that is our human entitlement. Both the angels and demons seek to influence us, much like our parents, or good and bad friends do. But the decision belongs to us and we cannot blame it on others or the situation.

Neither can we blame the TV for wasting our time when we have the remote control with the on and off switch in our hand. The moment we make the right decision the angels come to our aid. If we make the wrong decision we open ourselves up for frustration, stress, anxiety, mental health and much worse.

I was asked are the Extra Terrestrial Evil Aliens?

I never thought much of it and assumed that it was a lot of media hype from unproven material and conspiracy sources that were difficult to verify.

However I learned that several more trustworthy sources had / have interactions with ET's. It became clear to me that every encounter with them showed that there was no evidence of the extra-terrestrials wanting to invade our world, but were warning us that we are on the wrong track.

I didn't know what to think about the ET's so when [asking the Lord](#) this is what I wrote down.

"ET's are different... There are diverse levels of created beings; Man being the most important creation that the Lord God made, as we are made in his image. (Genesis 2:7)

There are other beings in different realms... It does not matter what they look like, they are helping to run the universe and they are fulfilled in their ministry of keeping things ticking.

Why ET's are different

ET's have different cosmic energies than humans; their technology and vehicles are unlike human means of transport as they need these qualities and modes of transport in order to do their job. As we know they can access earth and people have communicated with them, but there is no evidence whatsoever of them being antagonistic.

They are all ministering spirits and are here to help run the imperceptible side of the earth and universe. *"Are they not all ministering spirits, sent forth to minister for them who shall be heirs of salvation?"* (Hebrews 1:14)

Why do they exist?

Although God is Almighty he is not a one-man-band, neither does he run the universe and the world all by himself. You could compare the ET's to the ground staff of a big hotel. They are more or less the mechanics and technicians; you very seldom meet electricians and handymen in

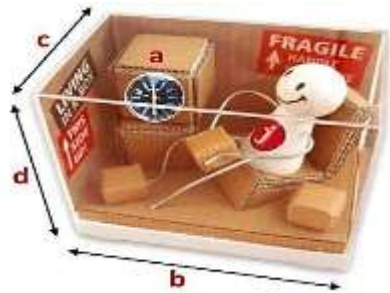

the main hotel lobby. However if the ground staff would not be there, the hotel would not run and we would not get served as we are.

At times it can be necessary that the maintenance man has to show up to tell us an urgent message.

Most of their messages have been warnings.

The E.T. staff has a different bodily uniform, energy and dress code than the hotel guests, the humans, who are most important to the management.

Yet, we humans are bound by our four dimensional limited box of: time, length, width and height, where money is a main deciding factor.

Just because we cannot see outside our box does not mean there is not a lot going on out there!

To grasp what the out-of-the-boxers try to tell us, is not easy for us as BOX-Heads...

They are not perfect

They have sometimes crashed their vehicle. If the extra-terrestrials have an accident then it is up to us what we do as humans. Do we listen and seek to communicate with them, or because they are different, do we try to analyse and operate on them for evil scientific purposes and military intent?

We fear the unknown

To so-called "protect" ourselves we spend multi-billions on weapons in outer space to "stop" the ET's. But that is not the real reason for the outer-space weapons. The reason is, because Satan knows that Jesus will return 30 days after the Rapture to set up

God's Kingdom on earth. That's why we put weapons in space in an attempt to stop the Lord coming back. The all-out war hawks want to see Armageddon happen... Satan is like an addicted gambler; he lost against Jesus the first time around, but this time he brings everything to the table in the hope that he will win, though all the cards are stacked against them.

Seven Years ending in Terror

Satan will soon rule the world starting with a seven year peace treaty through his son, the Antichrist. His seven year tenure ends in the nuclear war.

How Does it End?

"Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light...the powers of the heavens shall be shaken"... When the atom bombs are exploding: *"We shall see the Son of man coming in the clouds of heaven...to **gather his elect...**"* (Mat.24:29, 30) Prepare and select your choice.

Then there's a 30 day break

This month is for the Marriage Supper, while Satan, the Antichrist and False Prophet gather the armies to Armageddon' (Rev.16:14,16)

*"The Antichrist and the kings of the earth, and their armies, gathered together **to make war against him that sat on the horse** (Jesus) **and against his army.**"* (Rev.19:19)

"The LORD shall fight for you, and you shall hold your peace." (Exodus14:14)

"He shall dash them in pieces like a clay pot." (Ps. 2:9)

ARE ALIENS EVIL AND ARE THEY PLANNING TO TAKE OVER THE WORLD?

More on Angels, Demons and Extra-Terrestrials...

(All links are VIRUS FREE)

In this world we have humans, angels, demons and the extra-terrestrials. Humans are limited to the four dimensional parameters. Anything outside of these limitations is difficult for us to comprehend.

Angels Nudge us in the Right Direction

They operate in the next dimension and they seek to influence us humans through our mind. We each have an angel assigned to us to guide and try to protect us. Angels seek to challenge us into being positive, creative, loving, forgiving, helping others, taking the humble seat, thinking in terms of solutions instead of problems and having faith to know that God has a plan for our life. They encourage us to do the right thing and can even protect us to a certain extend. However they cannot make decisions for us.
