

**Ever wondered why airlines don't allow lithium batteries in your check-in luggage?**

(Taken from article of [nyc.gov/fdny/batteries](https://www.nyc.gov/fdny/batteries)) 2024-7

**DANGERS OF LITHIUM-ION BATTERIES**

Fires caused by lithium-ion\* batteries have increased dramatically in New York with deadly consequences. These rechargeable batteries are found in electric bikes and scooters, cars, laptops, tablets, phones and common household devices. \* (Lithium-ion are rechargeable lithium batteries) Lithium-ion batteries have caused **deaths, serious injuries and devastating damage to property around the city.**

Lithium-ion battery fires are very dangerous. Water may not prevent a battery from burning and spreading. Battery cells are known to explode and quickly spread to another battery. It can spread to other devices.

These batteries may continue to generate heat even when no visible sign of fire. Once heat reaches a certain level fire may reignite on the battery and surrounding area.

Lithium batteries are known to **unexpectedly re-ignite** (without warning) minutes, hours or even days after all visible fires have been put out. Lithium-ion batteries can enter and uncontrollable, self-heating state. This can result in the release of gas, cause fire and possible explosion.

**Fact**

Fire Extinguishers do not work on lithium-ion batteries fires.

See NYC Fire Code Chapter 3, Section FC 309

<https://www1.nyc.gov/site/fdny/codes/fire-code/fir-code.page>

“Trashed lithium-ion batteries caused **three garbage truck fires in one month.**” <https://arstechnica.com> 2022-12

“The (Lithium) gases produced potentially leave **toxic deposits** on all surfaces and in the atmosphere.... once the incident is under control potential hazards remain.” <https://www.ttclub.com> 2024-7

**Type in Google search-bar: Lithium buses and cars burning and then go to images! Don't be surprised!**

Also pls. take time read or re-read [the RFID implant.](#)

As we read in the book of Revelation the first aftereffect of the atom war is that those who received the Mark of the Beast,

which is the RFID or Radio Frequency Identification implant, will get an excruciating appalling sore. This is due to the radiation when the lithium battery in the RFID implant overheats and combusts. [The Bible](#)

says it is “a noisome and grievous sore”. (Rev.16:2) It will be noisome because the lithium explodes with a bang and grievous as it will be ‘extremely painful’.

The sore will be in the right hand or forehead, as in either of these two places the implant will have been injected.

**Watch this [one-minute clip of lithium exploding.](#)**

With this in mind we can conclude that the Electric Vehicles or EVs which have lithium-ion batteries will also overheat with the radiation and explode into flames. Seeing EVs are promoted as **zero emission** to stop the pollution we will see more and more of them. We say EVs are to preserve the climate, but to dispose of the batteries, even now, is a greater pollution problem than the pollution that we seek to avoid using these lithium-ion batteries.

When we finally are insane enough to make a [nuclear first strike](#) with the consequent retaliatory strikes it will not only be nuclear devastation, but all items with lithium batteries will burst into flames including our phones, laptops and gadgets. Now already EVs overheat and burn up along the highways as we have seen. We drove 100 kms on a rainy afternoon and saw two EVs burned out on the roadside. Their remains are quickly removed.

**We are digging our own grave** and we hope not to fall into it with our ‘[get rich quick](#)’ blindfolds on. Already back in 1935, G.H. Garret invented a **water (H<sub>2</sub>O) powered engine.** The H<sub>2</sub> is separated from the O and then reunited in combustion. However, the people that make billions on the oil do everything in their power to suppress it. No oil means, no plastic, no oil spills, oil wars, belching fumes, smog - all finished.

Cars have been marketed with water powered engines but have been taken off the market as soon as they appear, the production is blocked and it is either cooperation or elimination.

**People say, ‘Why does God allow this to go on?’**

The Lord has to let everything unfold as predicted in the scriptures. Things have to come full circle until we have made our decisions. Did we decide to help or hinder, love or loathe, give or grab, share or

shoot, stand for the truth or fall for lies? (Deut.8:2) Our body dies, yet [our soul](#) is indestructible and we will have to [face the music](#) for our decisions.

**As our universe ticks on a precision timetable** so we are nearing the doorstep in time when a 'political and economic [international peace treaty](#)' will be the start of [a seven-year period](#) during which hundreds of Biblical [prophetic scriptures](#) about the Lord's return will be fulfilled. (Daniel 9:27)

During these seven years we will have the New World Order. We will love the New World leader, which the Bible refers to as the [Antichrist](#) and his mate the [False Prophet](#). During his popularity he will set up a totalitarian [A.I. dictatorship](#) such as we have never seen in world history. Jesus told the wise virgins to [take oil](#) in their jars (Mat.25:1-13). This is to know [the prophecies](#) and scriptures of what awaits.

**We have become short sighted**; deceived by money and messed about not only with theories of modern [pseudo-science](#), but also with doctrines of religion. Preachers stating that Jesus can come back [anytime, even tonight](#), while Jesus explicitly told us that he will return after the tribulation, which is the second half of this seven-year-time-frame. (Mat.24:29) Many who believe the preachers rather than Jesus will [give up](#) the faith and fall away. (2Thes.2:3). "Multitudes in the [valley of decision...](#)" (Joel 3:14)

**Our present world is a corroded ship** that has lost its steering capacity through greed and powerlust, springing leaks of corruption under the waterline. Yet, there is for those who desire to know the truth, an escape-hatch out of our disaster-headed, dilapidated ship.

The escape-hatch is [Jesus Christ](#), who will come to [take over](#) the world to rule and reign it in truth, dignity, peace and justice for all, [without wars](#).

**His return will happen 100% sure** at the end of this seven-year-period, when the powers of heaven shall be shaken and the sun and moon will not give their light. (Mt.24:29-31) This refers to [the nuclear war](#) with its consequences of our Lithium-ion EVs and gadgets burning, starting scores of fires after 3½ year of drought during this [tribulation](#) period. (Rev.11:3,6)

It is then that Jesus returns 'immediately after the tribulation' and save those that believe in him and held on till the end.

In the darkest hour, the Light breaks through.

**This is no 'pie in the sky' religion, this is reality.**

No matter what any preacher says, what Jesus said will stand. He hammers the words concerning his return home with 'heaven and earth will pass away but my words shall not pass away.' (Mat 24:35)

If you're not familiar with prayer, find a quiet place and talk to Jesus [and listen](#) as to your best friend...

This simple prayer will help you to get started: "Dear Jesus, I am not very good at praying, I even used your name as a curse word, but if you are real then I humbly ask that you manifest yourself to me. I will read the gospels: [Matthew](#), [Mark](#), [Luke](#) and [John](#), so I can learn what is written about you. I want to ask you to guide me through this jungle of life. Please forgive me for my selfishness, as I want to have more love, so I can do something meaningful for someone else... And... I mean this."

Click on the cover **download and pass on for free** these two short booklets with details and scriptures about the Lord's return. Be not deceived....

At the site <https://johanpeters.in> you find 65 plus leaflets like these on many subjects. You can choose from **nine books and much more. ALL downloads are FREE. No INFO requests - NO COOKIES!**
