

We find more details in Luke's Gospel who himself was a physician and he wanted to know the details of what actually happened and took place.

'And the angel said unto her, Fear not, Mary: for you hast found favour with God. And behold, you shall conceive in your womb, and bring forth a son, and shall call his name JESUS. He shall be great, and shall be called the Son of the Highest: and the Lord God shall give unto him the throne of his father David...' Then said Mary to the angel,

'How shall this be, seeing I know not a man?'

And the angel answered and said unto her, **'The Holy Ghost shall come upon you, and the power of the Highest shall overshadow you: therefore, also that holy thing which shall be born of you shall be called the Son of God.'** (Luke 1:30-35)

And Mary said, **'Behold the handmaid of the Lord; be it unto me according to your word.'** And the angel departed from her. (Luke 1:38)

Amazingly Mary did not argue: 'But what will Joe say, they'll throw me out of the house, they'll stone me, no thanks, find someone else.' Nothing of the sort. Only total trust and surrender. Unbelievably beautiful. She sure is to be venerated and honoured for this, as within her Jewish culture of the time, by saying this, she had actually signed her death warrant.

She then went 'with haste' (Luke 1:39) to Elisabeth, who in her old age, was in the sixth month with John the Baptist so, she'd understand Mary's pregnancy. At least there she would be safe for now.

(In the Old Testament the Holy Spirit was female, but in the New Testament due to lack of knowledge of the Hebrew, which was considered a dead language in the 15th and 16th century and also lack of understanding of the Aramaic language which Jesus spoke, we have a translation discrepancy where the Holy Spirit transgendered from female in the original languages, into male gender. Please read 'Why the need for the Holy Spirit', in which this dilemma is clearly explained.)

Now we understand what happened; the Holy Spirit possessed Mary and the power of the Highest that is the Father overshadowed the Holy Spirit who was within Mary. The egg-cell or ovum in Mary's Body was also taken over by the Holy Spirit and this was inseminated by the Father. The Holy Spirit and the Father had to use Mary's body to give Jesus a physical body, so that we could see him, feel him and touch him within our four-dimensional parameters. That is why Jesus was God in human form and had such a formidable strong link with his Father.

For this reason, Jesus could do what he did.

He was completely fearless, turned water into wine, overruled the nitty-picky Sabbath laws, calmed the storm, fed the thousands, touched and healed lepers, opened the eyes of the blind, caused dumb to speak, raised the dead back to life, healed severe mental health issues, walked on water, several times he'd singlehandedly clear out the temple of money grabbers, and when it came to his crucifixion he could say to his Father, 'not my will but yours be done.' He surrendered totally to the Father, hence his power.

Of his heavenly Mother, Jesus said: All sins shall be forgiven unto the sons of men, and blasphemies... But he that shall blaspheme against the Holy Ghost has never forgiveness, but is in danger of eternal damnation: For they said, 'He has an unclean spirit.' Isn't that a true Son standing up for his mother. 'I don't care what you say about me, but let's get one thing straight, don't you dare talk bad about my mother, because you won't be forgiven.'

Right at that time his mother and brothers show up; Because he was just defending the importance of his heavenly mother, he said, 'Who is my mother, or my brethren? Whoever shall do the will of God, the same is my brother, and my sister, and mother.' (Mark 3:28-35)

But, even on the cross Jesus cared for Mary and his last wish before dying was, that she should take John as her son instead, so he'd care of her' (John 19:26,27)

Is there any scientific proof for this Conception?

1933-1999

(Ronald Eldon Wyatt was a nurse anaesthetist; he became an independent archaeologist, intending to find historical proof for the Bible.)

I have edited parts of Ron's report in the pamphlet: 'The Ark of the Covenant Awaits.'

'He then found a stone casing. The lid had cracked and had been moved aside. He shone his flashlight down through the crack and saw a chest of beaten gold. He knew he was looking at **the Ark of the Covenant...**

Misfortunes that occurred because of the Ark finding:

1. A young tourist who called a press conference to announce the find, was found by the press corps dead from a gunshot to the back of the head.
2. A doctor of archaeology from the Israeli university, as he attempted to enter the chamber became totally paralyzed in his back and legs. He spent two weeks in the hospital and swore he'd never try to enter the chamber again.
3. When the Israeli government released some information about the find, a riot ensued at the Dome of the Rock resulting in over 20 deaths.

The Israeli government, satisfied that the Ark has been found, has ordered the chamber to be sealed.

It awaits a better time for God to reveal it.

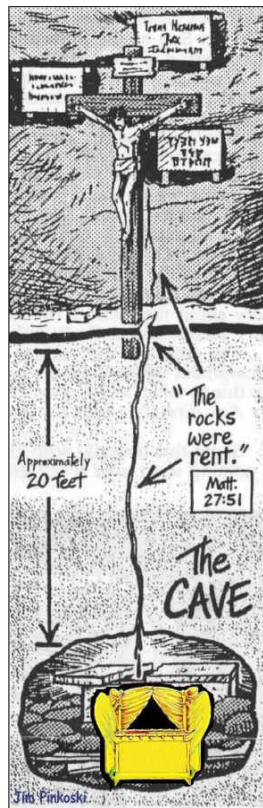

This is Not All: There Was a Black Substance

In the chamber, Ron noticed a dried, black substance in an earthquake crack in the roof, above the Ark of the Covenant. He noticed that this black substance was also on the lid of the cracked stone casing... **had dripped...** on the Ark of the Covenant, as the stone lid had been cracked and moved aside. What substance could be so sacred, that God made provision for it to land **on the Mercy Seat of the Ark of the Covenant.**

Ron remembered the earthquake crack at the foot of the cross hole, which he had discovered earlier. Ron traced the earthquake crack, and indeed it was the same crack as the one at the cross hole.

The Bible says that when Jesus died, "the earth did quake, and the rocks rent." (Matthew 27:51) And it says, "one of the soldiers with a spear pierced his side, and instantly there came out blood and water." (John 19:34) He scraped off some of this black substance and had it laboratory analysed.

Ron explains, "Dry blood is dead blood. It does not seem possible to get a chromosome count from dead blood. You can get a DNA but not a chromosome count, which is done by white blood cells. I took the blood to a reliable laboratory to be analysed. They said we are going to reconstitute it and put it in saline for 72 hours gently swirling it. I said 'I want to be there when you check it out.' I was there and they said that **it was human blood.**

I told them to put it in a growth medium and keep it on body temperature for 48 hours. Although they agreed to do it, they said, 'It won't do any good because it is dead blood.' So, I was there when they examined it after 48 hours. They put it under a microscope and then the person called others in. They were talking in Hebrew a mile a minute.

Then they looked at me and said, "**Mr. Wyatt this human blood has only 24 chromosomes in it.**"

23 chromosomes from his mother's side, plus the Y chromosome. He had all the physical characteristics from the autosomes of his mother.

His maleness was determined by the Y chromosome, that came from the source of a not human male.

Humans have 46 chromosomes 22 autosomes from father and 22 from mother, plus an X chromosome from the mother and an X or Y chromosome from the father. If the father gives an X chromosome, then it is XX and the child will be female. If the father gives a Y chromosome, it is XY and the child is male.

Then they said, "**This blood is alive. - Whose blood is this?**" I said, "This is the blood of your Messiah." I assure you these men's lives were changed.

The Ratification of the Old and New Testament

In the former Temple service, the high priest sprinkled the blood of the sacrifice on the Mercy Seat. Jesus' blood and water poured down through the earthquake crack and fell upon the Mercy Seat of the Ark of the Covenant - thus ratifying both the Old and

New Covenants by the blood of Jesus!

The act of incomprehensible love, for Jesus to allow himself to be sacrificed was the last and final and ultimate blood sacrifice for the forgiveness of our sins. For findings of what

Jesus went through on the cross, read, 'When is enough, enough and finished...' More prophecies given about Jesus in Hinduism, Judaism, Buddhism and Islam read the pamphlet: 'Our Religions versus the Kingdom of God' It's worth it to get to know him.

'The immaculate conception'
How is that possible?

The Prophet Isaiah wrote: 'Behold, a virgin shall conceive, and bear a son, and shall call his name Immanuel.' (Immanuel meaning God with us) (Isa.7:14) The virgin Maryam (Mary), is the only woman mentioned by name in the Quran (Surah 19)

Scoffers say: 'You don't believe that; do you?'

Matthew tells us: 'The birth of Jesus Christ was on this wise: When as his mother Mary was espoused to Joseph, before they came together, she was found with child. (Joseph heard this after Mary had been away for three months with her cousin Elisabeth) Then Joseph being a just man... was minded to put her away privily. But... the angel of the Lord appeared unto him in a dream, saying, Joseph, fear not to take unto you Mary your wife: for that which is conceived in her is of the Holy Ghost. And she shall bring forth a son, and you shall call his name JESUS for he shall save his people from their sins.' (Mat.1:18-21)

They didn't make love till Jesus was born. (Mat.1:25) But afterwards had at least 6 more children: James, Joses, Juda, Simon and their sisters. (Mark 6:3)
