

In the month of August 2026; there would be a blood moon for 2 days, 40 days later people would have dreams and prophesy for 30 days. After that the Antichrist would be revealed and it gave a pretty good description of the Antichrist and how he would deceive people. This NDE had a touching narrative.

But then came the confusion for me as she said that Jesus told her that the Rapture would be at the end of September. This did not make sense, as first of all the timeline did not fit. Because even if the blood moon appeared on August first, then 40 days later we would already be well into September and then another 30 days would bring us into October. So how could the Rapture appear after this, at end of September? Doesn't make sense.

I went to sleep and woke up with this confusion in my mind. I prayed out loud to stop what was racing through my head. "Lord, have I been wrong about your return what is this? Here was this beautiful testimony about this lady finding you, but then this about your return doesn't seem to fit with what I wrote, which I thought we had written together."

It started slowly unfolding. The lady was Jewish, but she did not have a Yiddish accent. As a child, I had met and mixed with Jewish people in Amsterdam; I had met with Israeli tourists and her voice did not

John N. DARBY
1800-1882

have that particular accent.

Next, Jesus using the word 'Rapture' seemed strange, as this word cannot be found in the Bible. The word 'Rapture' was introduced by John Nelson Darby. Later Cyrus Scofield used it in his Scofield Bible. Although I also used 'Rapture' at times, I realized that the word is connected to the theory of Jesus coming back before the tribulation, while Jesus clearly said that then we need to flee; assuring us that he will come back immediately after the tribulation period.

Jesus clarified that he'll not use the word 'Rapture' for his return and our gathering together unto him.

'So Lord, then what about that lady; is this all a hoax and does she have a lying spirit?'

"Let me be the judge of that, you know the truth and you have sent 'the Big Plan' out and it is going further than you think. The enemy is also trying to send his 'Rapture' messages out. You stick with what you know is in my word, the Bible, and what I have revealed to you. All scripture must be fulfilled." - 'Thank you for clear words, my Lord. Thank you for who you are, clarifying again your immutability.'

If I would not have known my Bible prophecies, it would have thrown me off, thinking that Jesus could come back even at the end of September 2026.

It's all designed to undermine our faith. Jesus was supposed to return in 1911, when people stood on their roof in white sheets. It is because of outright lying nonsense like this sign that 'there shall come in the last days scoffers... saying, Where is the promise of his coming?' (2Peter 3:3,4) There is no end to the guesswork about his return.

The Lord's second coming is NOT A GUESSING GAME. Jesus gave us specific timeframes when he will return. You need to read it and believe it. You don't have to be a prophet for that; **it is JUST COMMON SENSE.**

Umpteen times his return should have happened, until we will get so fed up with these speculations about Jesus returning "anytime but definitely before the tribulation"; that when he does not return before the tribulation, we give up the faith and are swept along in the great falling away.

Back to A.I. (Artificial Intelligence)

"A.I. is a field of computer science that develops systems capable of performing complex, human-like tasks - i.e. learning, reasoning, problem-solving, and perception - without constant human intervention."

In other words, A.I. pastes different information together and some of it is amazingly smart and cleverly done. However, a computer has no integrity*, and is not responsible for how it is programmed and what it puts out. That is not yet until we have A.G.I.

* Integrity is primarily a formal relation one has to oneself; the quality of being honest and having strong principles that you refuse to change.

These ladies are all A.I. pictures. Behind this beautiful Virtual Reality we can hide our ugly criminal intents.

It will expose what is in our hearts; that is one thing it will do, as people can hide behind A.I. generated texts and faces, to do what their evil heart desires.

This fellow got a life sentence

BELFAST, Oct 25 (Reuters) - A Northern Irish man was given a life sentence on Friday for the mass online child sexual abuse and blackmail of young girls around the world, with police saying one incident led to a 12-year-old American girl and her father taking their own lives. Belfast Crown Court heard that 26-year-old computer science **student** Alexander McCartney, operating from the bedroom of his family home, groomed victims on messaging sites including Snapchat and Instagram by making them believe they were talking online to a teenage girl of similar age.

He would then encourage them to send **indecent images** or engage in sexual activity via a webcam or mobile phone, which he would then share online with others and use to threaten the children. He regularly took on the identity of previous girls he had targeted and sometimes forced his victims to involve siblings as young as three in the abuse. The charges related to 70 victims from countries including the United Kingdom, the United States, Ireland and Australia, but Northern Ireland Police said that was a tiny fraction of around 3,500 victims believed to have been targeted in around 30 countries.

It is a pretty sick and nauseating report, but I decided to put it in to show how easy it is to get deceived, especially our young people. 'The Light is come into the world, and men loved darkness rather than light, because their deeds were evil.' (John 3:19)

There seems to be very little Truth left in the world, as Jesus, the Way, the Truth and the Life is pushed out. (John 14:6). If we ban Jesus from our lives we have nothing left; we have exchanged our Way for becoming a vagrant without aim; we've rejected the Truth to embrace the lies, and swapped Eternal Life for death. And without fully realizing, we are pulled into

that vortex of evil, into Satan's kingdom. 'The father of lies, as there is zero truth in him.' (John 8:44) The more we lie the more we dedicate ourselves to him.

They seem helpful, but need our bank details. I have received calls from people that wanted to help me get extra money for my recent car accident. (I have not had a car accident for decades. Thank God).

I feel bad for these people; I try to ask their name to talk and if they would like to accept Jesus so he can help them find a better job? So far, no success.

I remember a lady writing me, who said she was from Nigeria. (God knows who or what "she" was) She was writing me about her life and sent me a photo. Somehow the photo did not seem to match her writing. She needed a laptop so she could apply for a better job. We had an extra used laptop given to our charity and I asked for her address to see if we could send it. "No, my friend, it is easier if you would send me the money. But can I ask you something more personal; can you send me a photo of your private part?" - (a different word was used) - 'I don't know if I can do that, I will have to ask Jesus

about your request.' - No more communication.

But afterwards I got other messages, starting with, "I am a Christian, etc..." - It would be a joke, if it wasn't so sad, trying to make a living by catching victims in some spider, or A.I. web, and then suck the life out of them.

A Prayer: "Dear Jesus, will you please give me that special **discernment** to differentiate between truth and lies. As we enter more into the dark days. I humbly request that gift of the Spirit, as I need it badly, so I can be aware of other deceit that will come my way. Thank you that 'your name is a strong tower; I can run into it and be safe.' (Prov.18:10)

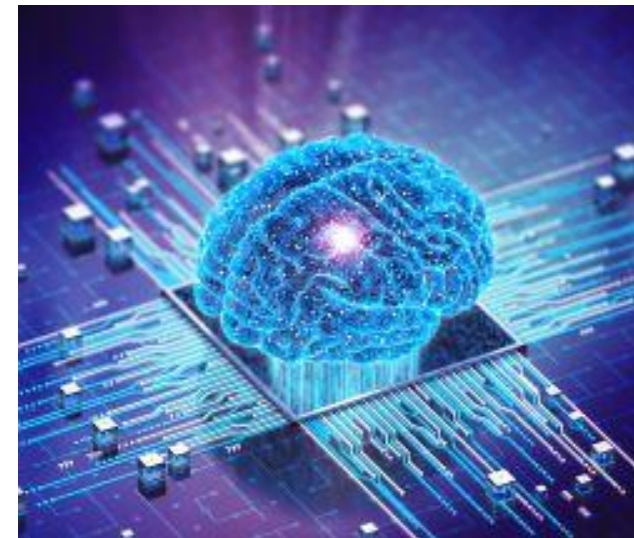

He will return, but not end September 2026.

The Father is taking his foot off the brakes.

How A.I. threw me off and got to me.

I woke up confused and wondered if what I had written and if the book 'The Big Plan' that I had published was wrong about the Lord's return and our gathering together unto him.

I had watched an NDE (Near Death Experience) of a devout Muslim, Tariq, from Dubai who moved to Los Angeles to set up his business. He became billionaire

but developed a severe heart problem. He was rushed to the hospital where he flatlined for 11 minutes. A beautiful testimony of the Lord's mercy and how he changes lives.

The night before my confusion I had listened to an NDE of a Jewish lady Mikol. Unlike the testimony from Tariq, where he was on camera sharing his testimony, I was shown some clips of a Jewish family where she supposedly was the mother. In the story she was 53, was rushed to a hospital where she died for 17 minutes and met Jesus. The story went how she accepted Jesus as the Messiah during her NDE. At the end Jesus told her three things to watch for.
